Subject figured in the NFIR Railway Board PNM held on 6/7.05.2025

13/2022: Deplorable condition of Brake Vans used on the rakes of freight trains on Indian Railways

The matter will be further examined:-

It is stated that following provisions to upgrade the existing 8000 brake van under RSP 2024-25 have been sanctioned.

Further Improvements:

1. Provision of two adjustable Guard Chairs with foot-rests.
2. Provision of 02 Walkie-Talkie Stand, 02 Bottle Holder, and 04 grab handle.
3. Door lock with universal key.
4. Polyamine Epoxy Resin flooring on the floor of the inside cabin (7.5 Sq. m).
5. Fleet Graphics Film in Cabin (Interior).
6. Electrical work along with solar panel including light and Fan.

Existing Brake vans will be upgraded in open line and workshop. In addition to above, RDSO has also been advised to ensure above provision in brake van during manufacturing.
