Railway Board's kind attention is invited to Federation's communications cited under reference wherein the Staff Side sought for copy of the SAG Committee constituted by the Railway Board to facilitate us to study and report. Federation feels disappointed to state that though the Official Side conveyed that the Committee will be asked to expedite and submit report by 31/01/2018, unfortunately nothing has been heard thereafter.

NFIR, therefore, requests the Railway Board to look into and arrange to provide copy of the report of the Committee to the Federation soon to study and convey comments.
